

About Mr. Jerome

I have enjoyed being the Chokio-Alberta Public Schools PreK-12 Principal for going on seven years. It didn't take my family and I long to recognize what a special place this school and area is. I have three wonderful children. Madelynn who is in 12th grade, Alivia who is in 9th grade, and Ozzy who is in 7th grade and with my beautiful wife Heather we live north of Chokio. We have two very active English Setters, Olive and Bocephus, who motivate us to get off the couch. We also have two outdoor cats, Nala and Bella that keep the mouse population quite low.

I have been in education for almost nineteen years. Nine as a high school Industrial Technology Teacher and almost ten as a Principal. I taught in my hometown of Parkers Prairie and then my first Principal job was a three year stint as the PreK-12 Principal of Truman Public Schools in Truman, MN.

I enjoy being with friends and my hobbies are fishing and hunting along with being around sports. I use to play a great deal of sports, but I have transitioned to coaching and being a fan more these days.

I am very proud to be part of Chokio-Alberta Public Schools and brag about it all the time. I truly feel this school and area it is the modern day Mayberry from the Andy Griffith Show!
