POLICY & USAGE RECEIPT OF NOTIFICATION AND UNDERSTANDING

The Chokio-Alberta School's Computer or Device Policy and Usage Handbook is available on the Chokio-Alberta School's website at www.chokioalberta.k12.mn.us.

Your signature on this document states that you have read, understand, and agree to abide by the compliance requirements of Chokio-Alberta School's computer or device policy regarding the use of computers or devices and the Internet at Chokio-Alberta Schools. Your signature also states that you authorize Chokio-Alberta Schools to create and utilize "cloud services" accounts that will be under the control of Chokio-Alberta Schools, but which reside elsewhere on the Internet. (Certain cloud services require parental permission for students regardless of the level of control over the account granted to Chokio-Alberta Schools.)

If a Chokio-Alberta Public Schools computer or device is damaged in anyway Chokio-Alberta Schools will assess the computer or device damage and repair or replace the device if the damage is determined to be normal wear and tear. There are situations that are not considered normal wear and tear. These situations include dropping the computer, spilling food or drink on the computer, and wrapping a charger cord to tight that it wires are pulled out of casements or a metal wall connector is broken in the plug of a cord for the charger, etc. **Parents/students will be charged for the full replacement cost of a device/charger/case that has been damaged due to intentional misuse or abuse.** Chokio-Alberta Schools will require that a police report be submitted in cases of theft. Fraudulent reporting theft will be turned over to the police for prosecution. A student making a false report will also be subject to disciplinary action as outlined by the District 771 student disciplinary policy.

We will assess the damage and will always get the best price we can on quality replacement parts.
